

James Hatrick
 Caller
 Vancouver, Washington

It all started in 1959 when some friends of Jim's invited him to go to a square dance with the Teen Twirlers Club in Aberdeen, WA. By the age of 19 Jim was calling and teaching for several clubs in his local area.

Jim's calling abilities range from Basics through C-1, teaching and cueing. Jim is a member of Callerlab and has recorded for Chinook Records.

Jim particularly enjoys teaching new dancer classes and one-night dance parties. There is nothing more exhilarating than the enthusiasm of new dancers.

Jim and Judy live in Vancouver, WA where they have raised four terrific boys. Jim's favorite dances have been "Hatrick in Concert" dances when all of his boys join him on stage and call with him.

Jim feels the most rewarding thing about square dance calling is all the wonderful people you meet and friendships that have been made. It's about having fun and putting smiles on peoples' faces. **A SMILE IS THE CURVE THAT ROUNDS OUT A SQUARE.**
