

Caller: Vic Ceder

I started dancing in 1975 in a teen club where I met my future wife Debbie. We started dancing advanced level in 1977 (while we were in high school). A year later we started learning challenge and I developed an interest in calling. I occasionally walked our tape group through some material that I had written. Later I tried 'calling' the material accompanied by taped music. After that, I purchased a Hilton sound system and microphone and jumped into learning how to call.

I started calling in November 1981 (at the challenge level). I currently call at levels Basic through C4. I have taught classes at all levels from Basic through C3B

I am a self-taught caller and have never attended a caller's school as a student (whether this is good or bad is debatable). However, I have taken about six months of weekly voice lessons, and have learned calling skills from observing other callers and listening to criticism and comments made by callers and dancers.

I have called in 31 states and 8 countries (other than USA).

I've called at the National Square Dance Convention in Birmingham (1985), Houston (1987), Anaheim (1988), Anaheim (2001), and Long Beach (2009).

Cuer: Tom Jenks

Tom & Jullie Jenks, We live in Roy, Utah and have been here since Aug 1999.

Jullie started Square Dancing in California in 1974, Tom started Square Dancing while in the Air Force and stationed at Hahn, Germany in 1976.

We met at a club square dance in 1978 and got married in 1979. We have continued to enjoy square dancing with a small break to raise a family.

We started Round Dance lessons in 2001, taking lessons from Russ & Judy Francis. We have learned dances and several rhythms up to Phase 5, and continue to learn from fellow Cuers. We have attended several state dance weekends, weekend dances in others locations around Utah and Idaho. We have attended 3 National Square Dance Conventions and 6 USA West Square Dance Conventions. We have showcased, taught, and cued at 2 National and 4 USA West events. We have also cued at the Idaho State festival, the Utah state festival, and for the Single Square Dance Festival.

Tom stepped out on his own in 2010, offering new classes in Phase 2 & 3, workshops, individual lessons to intermediate dancers. Since then we have taught beginning rounds and offered intermediate lessons for those who wish to have more teach time. We currently cue and teach for T & J Rounds, we cued for the Quarter Promenader's, and currently cue for the Wild Bunch square dance club. We are current members of ICBDA, Round A Lab, RMCTA (Rocky Mountain Cuers and Teachers Association), and also are on the RAL G & A committee.
